SUMMARY

I am a skilled and passionate web developer with strong expertise in database administration and website design. Though early in my professional journey, I possess a sharp eye for detail, creative problem-solving abilities, and a solid foundation in development best practices. A collaborative team player, I am eager to contribute my technical skills and grow within dynamic projects

EDUCATION

SECONDARY SCHOOL

Kharagpur South Side High School

2019–2021

BACHELOR OF COMPUTER APPLICATION

Hijli College

2021–2024

SKILLS

Web Design

Design Thinking

Front End: html,css,javascript,react js

Backend : Node js

Database: Mongodb

PROJECTS

LINK MANAGEMENT APP(REACT.JS)

- Developed a responsive, LinkTree-inspired web app with React.js, allowing users to centralize and share multiple links efficiently.
- Structured links into dedicated sections (Profile Links & Shop Links) for improved navigation and user experience.
- Implemented a dynamic button customization system, enabling users to personalize colors, shapes, and hover effects.
- Integrated analytics tracking with interactive charts to monitor link clicks, traffic sources, and user engagement.
- Deployed link: https: //link-tree-react-yb2i.vercel.app/

MEETING MANAGEMENT APP (REACT.JS)

- Developed a responsive meeting scheduler using React.js, enabling users to organize, edit, and share online meetings seamlessly.
- Implemented an interactive calendar view (e.g., using FullCalendar, React-Big-Calendar) for easy event visualization and management.
- Designed intuitive CRUD operations (Create, Read, Update, Delete) for meetings, with real-time updates.
- Added meeting sharing functionality (via links/email) to streamline collaboration.
- Deployed Link: https://meeting-management2.vercel.app/

POCKET NOTES (REACT.JS)

- Developed a responsive note-taking application using React.js, allowing users to create, organize, and manage notes in separate chat-like threads.
- Implemented a real-time note-saving system with local storage (or backend integration) to ensure data persistence.
- Designed an intuitive UI with features like edit, delete, and search functionality for seamless note management.
- Enhanced user experience with clean, mobile-friendly design using modern CSS (Flexbox/Grid) and responsive layouts.
- Deployed Link: https://react-notes-app-three-sigma.vercel.app/
